Professional Profile – **Lyncold Stephensky CHERY**

Cyber Analyst | IT Specialist | Systems Administrator

A graduate in Computer Science from UEH, I specialize in cybersecurity and systems administration. Passionate about data protection, I use my skills to help businesses secure their digital infrastructures and defend the right to privacy.

I am proficient in cybersecurity tools such as **SIEM, IDS/IPS, EDR** as well as **packet sniffers** . I have strong experience in **Windows and Linux server administration** , with good command of **Linux/Bash and Python for task automation and systems management** .

Main skills :

➢ Cybersecurity & technological monitoring

➢ Databases (PostgreSQL, MySQL, MariaDB, Oracle, PL/SQL)

➢ Programming & Automation

➢ Systems Administration (Windows/Linux)

➢ Network analysis & intrusion detection

➢ Compliance with standards, ethics and professional conduct

As a professional with integrity and collaboration, I aim to strengthen business security by providing reliable, scalable solutions that comply with current standards.
